

STUDENT NONVIOLENCE COORDINATING COMMITTEE  
(SNCC)

Tentative Agenda  
3rd Staff Meeting for 1965  
November 24-28th with the 29th Open

Dear Staff:

For the last two months, I have been working on this Staff meeting in addition to other things. There have been many problems in attempting to arrange a staff meeting. I regret all of the inconveniences that have resulted from change of locations and dates.

I have talked with many members of the staff in preparation for this meeting. It seems to me that the wish of the staff is that this meeting be programmatic. Since the last meeting many of us have been involved in projects and programs that the whole staff need to know about.

In consultation with many of you I prepared a tentative agenda which could be amended, adopted, or rejected by you. The procedure I would like to suggest for those of you who have suggestions or additions to the agenda, write them down and a committee (volunteer) would meet during dinner and revise the agenda.

It is my hope that you would enjoy your stay here during the next few days. Let's consider this meeting a working session.

Thank you

William Porter
