Congratulations on a splendid idea that is spreading like wild fire all over the country. We peace enthusiasts in the South have a modest movement under way with which we are trying to combat war trends as they affect college students in particular. We would like to offer our aid in spreading this unique idea of the (Veterans of Future Wars). Could you send us some details about the organization. We have direct contact with some one hundred twenty-five colleges in the South, and I believe the V.F.W. will appeal to them as a striking idea.

With reference to starting such an organization on the Duke Campus, what steps do you advocate.

I again congratulate you and I hope we shall be hearing from you in the very near future.

Sincerely yours,

Douglas Corriher

P.S. Could you refer our inquiry to a responsible person at Vassar concerning the information of Future Gold Star Mothers Organizations?
