Mr. Roosevelt Der Tatevasian
Post Commander V. F. W.
Duke University
Durham, North Carolina

Dear Mr. Der Tatevasian:

This is to acknowledge the clippings which you sent to Commander Gorin. Thank you very much.

Your idea for presidential candidate was a very good one. You are to be congratulated upon having made such a success of it in the way of publicity. Such things as that keep our organization going. However, the National Council wishes to point out that it is not absolutely necessary to have a president in the White House in favor of our bonus. We shall quite willingly ride the veto of any president who objects to it.

We will be glad to render you any assistance which we can in the matter. You have only to inform us what you want of us.

I will also call your letter to the special attention of Commander Gorin.

Sincerely,

U. J. P. Rushton
Regional Commander for
The South
